

25 Year System Warranty

Accepts 3 Fibre Optic Cassettes

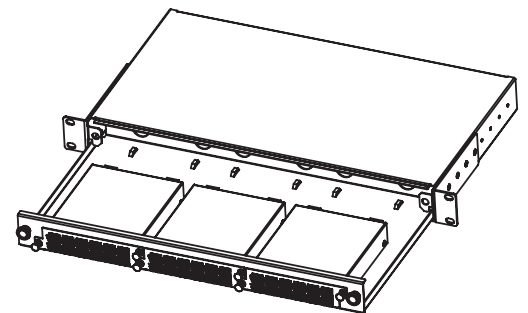

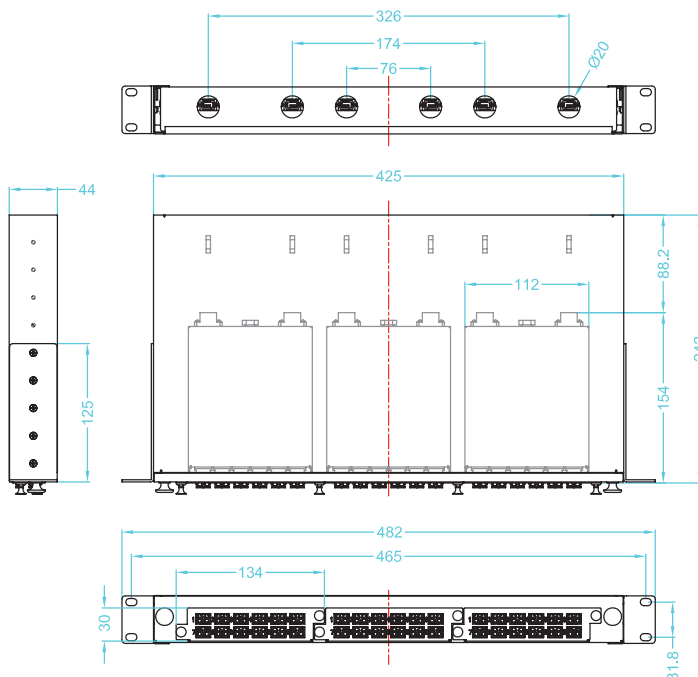

Adjustable 19" Mounting Brackets

Features

- Supplied unloaded
- Accepts up to 3 Fibre Optic Cassettes
- Suits 6 or 12 Duplex LC Port to MTP Cassettes
- 25 Year System Warranty
- Adjustable 19" Mounting Brackets

Product Overview

The Excel Fibre Optic Cassette Patch Panel mounts up to 3 Excel MTP® Cassettes in a 19" arrangement. This range of products have been designed and manufactured to support both the pre-terminated and the emerging 40/100 Gigabit Ethernet fibre optic installations. The Patch Panel has a sliding tray to provide easy access, connection and securing of the MTP Trunk Cables to the rear of the cassettes. Blank panels are included for the unused apertures within the patch panel. The design enables the remaining cassette apertures to be populated with very low risk to the connected services. The 19" mounting brackets are adjustable to allow the panel to be set further back in the cabinet mounting frames.

Performance Overview

The allows for the installation of 1, 2, or 3 Fibre Optic Cassettes. The performance of the patch panel then assumes the performance of the installed cassette. Currently cassettes are available that have MTP® connectors on the rear to either 6 or 12 Duplex (12 and 24 Core) LC connectors. The cassettes come with OM3, OM4 or OS2 category connectivity. This permits a mix of fibre optic cabling systems to be installed within the same patch panel while maintaining performance and ease of administration.

Specification Table

Dimensions	482 mm wide x 44 mm high x 242 mm deep
Number of cassettes	3
Maximum port density	36 off LC Duplex Ports (72 Cores)
Material	1.5 mm sheet steel
Colour	Black

System Warranty

When installed with Excel Patch Panels and Data Outlets by an accredited Excel Cabling Partner, this product is supported by a comprehensive 25 year product and applications warranty.

Typical Applications

- OM3 Optical Fibre
- OM4 Optical Fibre
- OS2 Optical Fibre
- 40 / 100 Gigabit Ethernet Parallel Optics installations
- Pre-terminated installations

Part Number Information

Part No.	Description
208-001	Excel Fibre Optic Cassette Patch Panel (Unloaded)

Part Number Information – additional products

Part No.	Description
208-005	Excel Fibre Optic Cassette OM3 MTP to 6 Duplex LC – 12 Core
208-006	Excel Fibre Optic Cassette OM3 MTP to 12 Duplex LC – 24 Core
208-007	Excel Fibre Optic Cassette OM4 MTP to 6 Duplex LC – 12 Core
208-008	Excel Fibre Optic Cassette OM4 MTP to 12 Duplex LC – 24 Core
208-009	Excel Fibre Optic Cassette OS2 MTP to 6 Duplex LC – 12 Core
208-010	Excel Fibre Optic Cassette OS2 MTP to 12 Duplex LC – 24 Core

Excel is a complete, end-to-end networking solution, offering exceptional performance and support, manufactured to European quality standards and covered by one warranty.
