

Excel Floor Cabinets

The Excel range of 19" free standing cabinets are designed for installation of both cabling and equipment, and are ideal for use across a range of applications including local area networking (LAN) cabling and hardware, and the housing of security and audio and visual equipment.

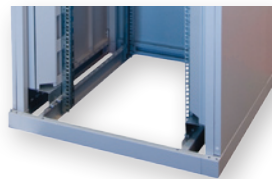

Each cabinet is designed with strength, ease of use and aesthetics in mind. The Excel cabinet range is packed with many features that aid both the installation of the cabinets and your network as well as accessibility at a later stage.
